Dear Partners and Friends,

Women's Community Support Center, located in Hancock County, MS, is a collaborative effort between Gulf Coast Christian Women's Job Corps and Magdalene House residential community.

Gulf Coast Christian Women’s Job Corps offers help and hope for women in our community by providing computer classes, job training, money management, bible study and more.

Magdalene House is a long-term residential program offering a therapeutic setting, which offers women a peaceful place where they can experience transformative, sustainable recovery through housing, counseling, and community building.
